COMPANY PROFILE

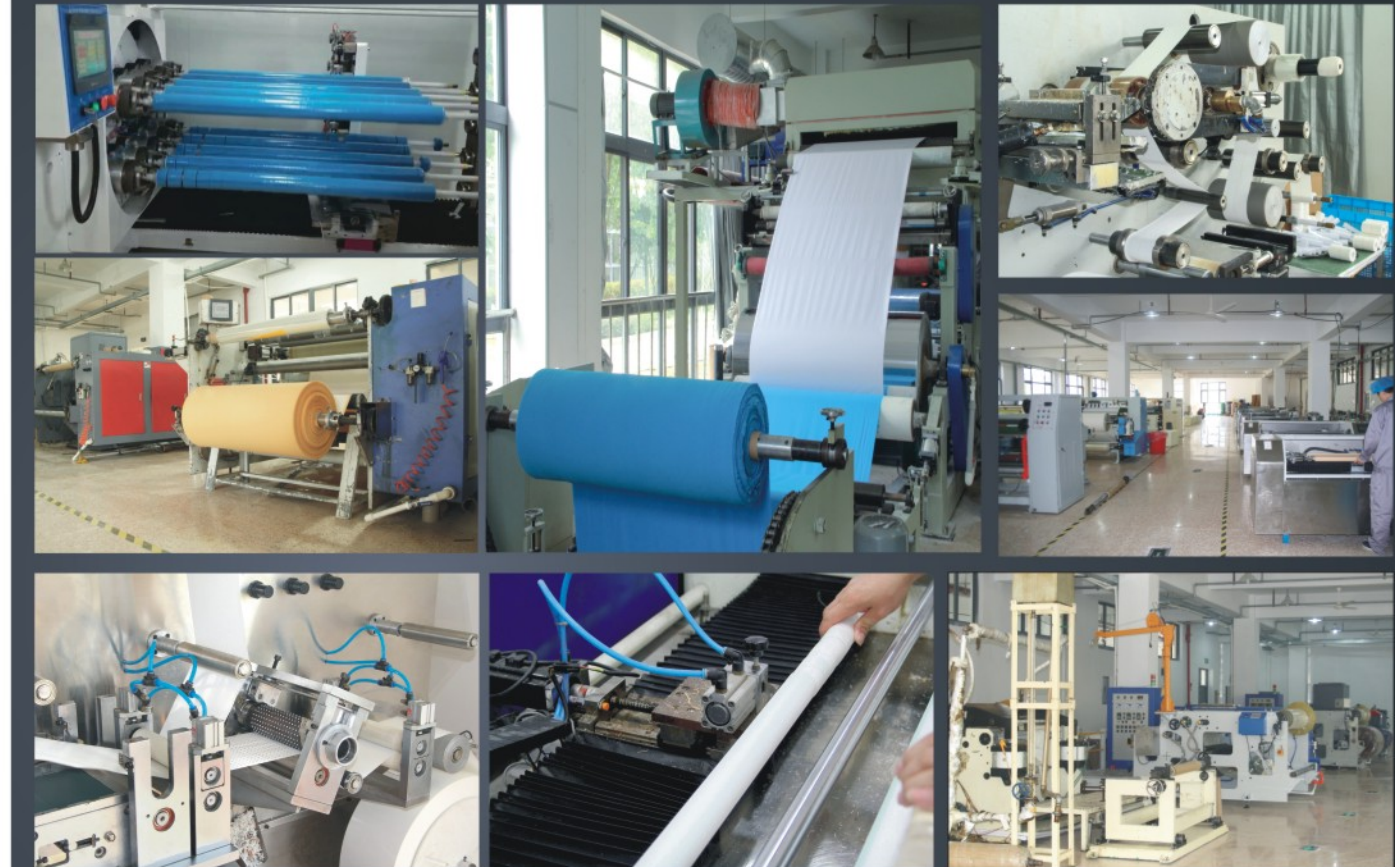

Zhejiang Kekang Medical Technology Co.,Ltd covers an area of 100 mu and a total construction area of 60,000 square meters, is located in Yueqing Life and Health Industrial Park where combines production, learning and research . Company owns modern production workshops, office building, exhibition hall, business conference rooms of various sizes, training rooms, dining room, expert apartment and dormitory, and also shares many recreational facilities, including library, lounge bar, table tennis room and basketball court. Company has an advantageous geographical location that it's located at the southern foot of Yandang Mountain, neighboring Yueqing Bay in the east and 104 national road. which brings great convenience for container shipment. It enjoys convenience for transportation which takes about 40 minutes to Wenzhou Longwan Airport and 10 minutes to Shenfang Railway Station.

Company has passed ISO13485 Quality Certification, CE Certification, FDA Certification. ISO9001、ISO14001、OHSAS 18001Certification and owned self-support import and export rights. We have a group of ten years

experienced sales and production and technical experts, owns advanced equipment for scale-up production of several series of products and complete testing equipment. Our company is specialized in producing silicone tape,medical breathable tape, sports tape, spunlaced non-woven tape, self-adhesive elastic bandage, kinesiology tape. Strictly following ISO13485 management system and through continuous technology improvement and technology innovation, we devote ourselves to providing customers the diversified and excellent services and OEM term, with our flexible management system and scientific management method. We adhere to the purpose of "pursuing survival with quality, market-oriented, credibility as the foundation, promoting development with innovation" and advocate the culture of "happy work and healthy life" to achieve a win-win situation for customers, employees, enterprises and the society. We have always pursued the spirit of hardworking and innovation and to achieve the goal of being better and more professional. We sincerely welcome you visit our company or contact us for close cooperation!

PE泡棉 PE foam tape

水刺无纺布胶带 Fixing tape (spunlaced non woven tape)

PU敷料卷 PU fixing tape

防水棉布胶带 Waterproof cotton tape

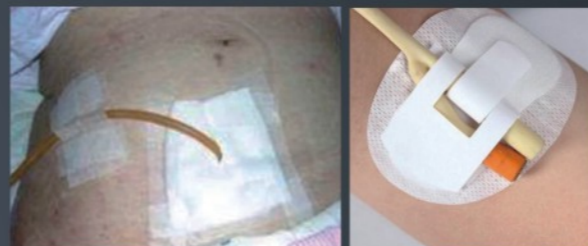

硅凝胶胶带(PU基材) Silicone tape(pu)

用于电极导管、贴片、化疗透析、导尿管、鼻饲管等导管的固定，将硅凝胶胶带直接贴于皮肤，可免受粘性损伤。

For the fixation of catheter, patch chemotherapy, dialysis, catheter, nasal feeding, etc, the silicone gel tape can be directly applied to the skin to avoid adhesive damage

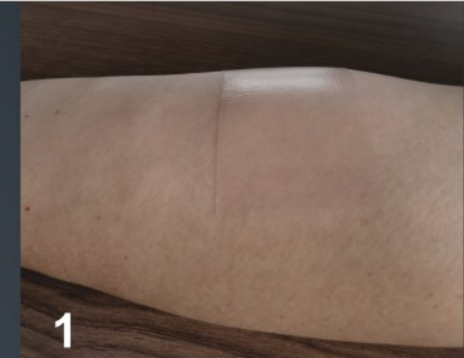

用硅凝胶胶带替代传统胶带的优势:

无过敏、皮肤瘙痒、红肿、黏连毛发、强烈痛感、移除时皮肤损伤、可反复粘贴

The advantages of using silicone tape instead of traditional tape: No allergic, skin itching and redness; gentle and soft to skin when removing
